

Citizens Against Gambling Expansion

PETITION TO STOP GAMBLING EXPANSION

State Representative Erik Fressen and State Senator Ellyn Bogdanoff have introduced legislation that will bring “Las Vegas-Style” casinos to South Florida. We the undersigned join our efforts to defeat the expansion of gambling in South Florida. Additional gambling in South Florida will have a bad effect on our society. Studies have shown that gambling promotes crime, it contributes to greater poverty, it leads to addiction, and subsequently destroys homes. We the undersigned hereby oppose any legislation that will expand gambling in our State of Florida.
